

PARENTAL FORUM 9th OCT 2025

YOU SAID – WE DID

You said	We did/we do
Too many different apps and things to log in to	MHO to call Edulink to see if a switch to this for Progress Evening would be feasible
Specific text to students not whole year group, where possible	Staff to be aware of this (MHO)
Like the updated curriculum overview for parents, a half-termly reminder of this would be great	MHO to action
Parents prefer emailed letters (better for them and save money for the school)	Where appropriate, future letters via email, with follow on text.
More videos when explaining things	Staff to use instructional video where appropriate
More study support for every year group during assessment periods.	We will provide revision support and strategies during tutor time for all year groups/parents and carers in the lead up to assessment periods.
Parents really like that students have Trusted Adults in school and that they have identify 3 things they are interested in	This will be included in Mr Bedford's half-term newsletter.
Parents really liked the Team around the child email	This will be emailed half-termly with DoL/YGM email address
Parents were relatively happy with the amount of homework but not always the quality of task	We are currently reviewing our homework policy after feedback from our student council.
